It appears that Admiral Dewey has resigned the presidency of the Metropolitan club, as a dignified protest against the harsh criticism of members that his rulings as head of the irt of inquiry were too favorable to Admiral Schley. The Metropolitan is a rather exclusive club of army and navy officers, high government officials and diplomats, and is somewhat inaccessible to the average public opinion.

If a religious meeting carried on by Americans had been broken up and eleven of the participants murdered, in a foreign country the whole world ould have been shaken by the thunder by our tones in demanding satisfaction. Yet that is substantially what happened in Louisiana the other day except that all concerned were American citizens and almost no attention is paid to it beyond giving the account of the slaughter prominence in the newspapers. In the mean time we are going right ahead with the business of sending missionaries to convert the heathen and the government is backing the missionaries with guns when occasion seems to require it which by the way is not so infrequently as it should be. the beam in our own eye?

Agent Told Assistant Labor Commissioner Things He Didn't Intend.

An agent for an eastern concern that sells sewer pipes ran afoul of Assistant Labor Commissioner B. F. Scott coming up town from the Santa Fe depot in the street car today. Rossville Thursday to defend Edmer Burns, a young man charged with disturbing the peace of one Curtis. The case was called before Justice G. C. Pierce, who is also the town druggist. The disturbance for which Burns was arrested consisted of buggy riding with the wife of the complaining witness, and a big crowd of Rossvilleites congregated in the little drug store, expecting to hear some interesting testimony, but Burns fooled them all by pleading guilty and taking a fine of \$1 and costs, amounting to \$41.95. To_Say that the population of Rossville was disgusted would be putting it mildly, when they found that the scandal of the case was not for their ears. Burns was unable to pay the fine and costs, so he is now engaged in thumping it out on the stone pile at the county jail. Curtis declares that the case will be followed shortly by another, in which Mrs. Curtis will be required to give good and sufficient reasons why she should not be divorced from her injured spouse.

The new ballot law makes many odd provisions. According to the law a cer-tain heading must be printed across the tain heading must be printed across the entire top of the general ballot. Then a certain space must be devoted to the party emblems and the circle for voting the straight ticket. The result this year is that there is a ballot large enough for a stray notice to be posted on and all except one line at the bottom where the names of the candidates for county commissioner appear is devoted to an explanation to the voter, the party emblems and the circle.

prominent singers and artists who use nothing but DR. BULL'S COUGH SYRUP to prevent hoarseness and cure coughs.

Whenever I have had a cough or been troubled with hoarseness during my professional career I have always used DR. BULL'S COUGH SYRUP, which has worked like magic. It cures my hoarseness and my coughs almost instantly. This is the kind of medicine I must have so as to keep my voice in condition, as you know my work as a male impersonator is very hard on the voice and throat. I have never found anything that cures as quickly and as thoroughly any affection of the throat as DR. BULL'S COUGH SYRUP. Very truly, ZELMA RAWLISTON, 74 W. 38th St., New York City, Aug. 7, 1901. For fifty years singers, actors, public speakers and clergymen have used DR. BULL'S COUGH SYRUP to prevent hoarseness and to cure coughs and colds and all affections of the throat on account of the absolute security they feel in its curative qualities. Thousands of dectors prescribe DR. BULL'S COUGH SYRUP and many of the prominent hespitals use it exclusively for hoarseness, asthma, bronchitis, coughs, colds, grip, influenza and consumption.

A MATTER OF DAYS.

Early Release of Miss Stone Is Now Promised.

Constantinople, Nov. 1.-The negotiations with the captors of Miss Ellen M. So far from there being any confirmation of the rumors of her death circulating in the Bulgarian border districts, it is said here that another let-ter written two days ago has been re-ceived from her.
